REPAY[®]

Realtime Electronic Payments

APS Payments: Our Preferred Provider, APS supports all major credit cards, Level 3 processing, Tokenization for greater PCI Compliance and the American Express OptBlue program bringing more savings.

Authorize.Net[®]

A Visa Solution

Authorized.Net: The Authorized.Net Payment Gateway supports connections to most if not all the major credit card processors. Authorized.Net has certified each of their processor connections to achieve the highest level of transaction security available.

The logo for eProcessingNetwork features the word "eProcessingNetwork" in a blue, sans-serif font. The "e" is lowercase and smaller than the other letters. To the left of the "e" is a yellow padlock icon. Below the main text is the tagline "the everywhere Processing Network" in a smaller, italicized, black font, followed by a registered trademark symbol (®).

eProcessingNetwork
the *everywhere* Processing Network[®]

eProcessingNetwork: eProcessingNetwork is certified to process Retail Swiped, MOTO, ECI, AVS, CVV2/CVC/CID and many other transaction types. EPN's systems are in compliance with the latest PCI Data Security Standard (PCI-DSS). The solutions are designed to prevent card data compromises during electronic transacting processing.
